

Dear Allan,

Things are finally beginning to settle down a little. George was gone for most of the two weeks after we got home - to Colo., N. Mex., & Wyo. Maybe now he'll be home a while.

Have you heard anything from Clifton lately? I haven't for a long time. Maybe Mom can write and let me know. I'll write to them as soon as I can - have some bills to be paid first, I guess. Love,

Barbara

Days full of sunshine,

A heart full of cheer,

Years full of good health

And joy always near;

Lots of good friends

And good times by the score,

A big Happy Birthday ---

And then, many more!

Dear Allan,

I'm sure we all appreciate your being the family representative and all that is involved in doing it. You will be blessed for all you do to help Phyllis and Dorothy.

I did get the form notarized and returned. Hopefully, it will not be too much to get everything done as soon as possible.

Love,

Dear Barbara:

I'm sending this to you since you were the only one of our children, to be blessed in this dress. All of Mamma's children were <sup>too</sup> including me,

It was silk with handmade silk "pillow" lace with a white linen slip with white linen thread lace. The dress was made out of Mamma's sister Vernie's wedding dress. She died when her first baby was born. The baby died too. Grandma Luffkin made the baby dress <sup>top</sup> for Franklin. Mamma had me return it so Alice could be blessed in it & Aunt Ellen lost it somehow afterwards. The dress hem above the lace was put in with a hemstitch (threads are drawn to do it) It was a beautiful little dress,

lots of love,

Mamma
