Dear Sir:

Mr. J. Cecil Alter informs us that he is unable to supply you with meteorological instruments for the reason that Utah County already has its quota of Government stations, so we are sending you one of our rain gages.

Your station will be numbered U-1 and we would prefer to have it so designated in your monthly reports to the station on the forms furnished.

You will observe that the area used in catching the rainfall is ten times the area of the vessel receiving it and hence the recorded readings will be one-tenth of the reading of the measuring stick.

Should there be anyone elsewhere in your county (we should not wish to have the stations too close together) who might be interested in this work we should very greatly appreciate it if you would refer them to us.

If there is any information you may need from time to time please let us know and we shall be glad to help you.

Thanking you for your past and future interest, we are,

Very truly yours,

My Dear Sheriff:

After seeing the small crowd we had at our Pre-hike program, I felt very appologetic for having invited the sheriff's office to send us a man at the unearthly hour of 3:00 a. m. to care for parking of cars, etc. Then when I saw that the sheriff himself had reported, I truly was behind the eight-ball. I deeply appreciate your help and cooperation. You can always count upon me as a loyal supporter of Theron S. Hall for sheriff.

Sheriff Theron S. Hall
Utah County Sheriff

Dear Sheriff:

It is my recollection that in 1950 when I ran for the office of Justice of this Court you seemed somewhat interested in the subject of speeding up legal procedures without sacrificing efficiency or justice.

By way of report, I thought you might be interested in the enclosure. This of course does not imply that I claim personal responsibility for the excellent shape our calendar is in. It is in fact due to the very fine cooperation of all five members of the Court. But the happy truth is that as of now, for the first time anyone can remember, opinions have been written in all of the cases submitted to us, as compared to a constant average back-log of several dozen cases for many years past. It is also noteworthy that within the past few years we have by special settings and proceedings handled very expeditiously a number of cases of great public importance; and the average time in disposing of cases is much less than it used to be.

My association with you is numbered among the pleasant recollections of that very busy summer. I felt that you might like to hear from me and this enclosure provided an additional incentive to write.

Kindest personal regards,

Re: The Club Vegas

Dear Sheriff Hall:

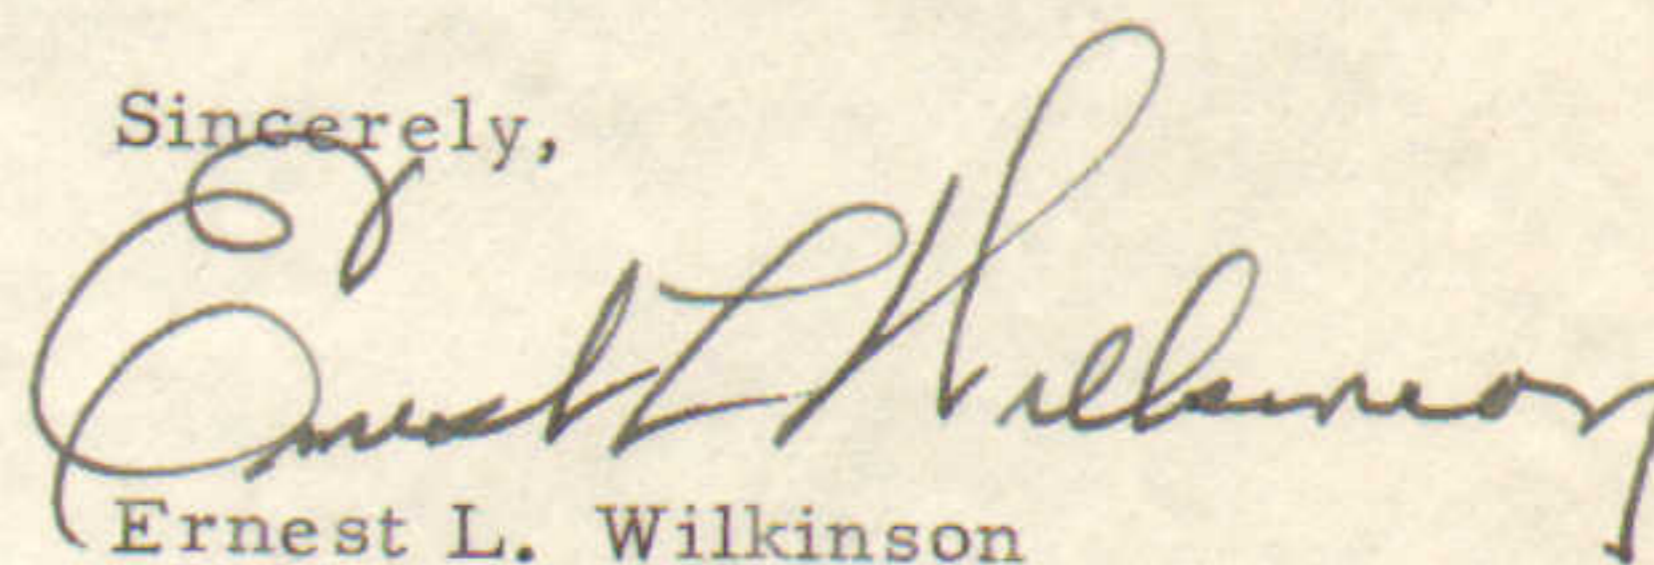

I want to thank you for your kindness in calling Mrs. Booth on October 19th and telling her that the Club Vegas was using our students. I had not known of this and except for your call we may not have known about it.

I also want to apologize for a leak that apparently occurred in this Institution with respect to the information you gave us. Apparently Mrs. Booth passed the information on to our student program office and someone in there carelessly let another person know about your telephone call and in some way or another it got back to Mrs. Larsen. By the time she got hold of it you were supposed to have written me a letter. I now understand that you did not write a letter.

I regret very much this leak on the part of one of our officers. Those who are responsible have been informed that it should never happen again and I do not believe it will.

Should you have any reports of any kind of this nature in the future, if you will report them to me or my office, personally, you may be sure that the source of the report will never be disclosed.

Sincerely,

Ernest L. Wilkinson

Dear Democratic Worker:

I was very happy that you were able to attend the recent Convention. Thank you very much for your support.

It is heartening to know that the majority of the delegates are in favor of the kind of law enforcement I stand for. I believe that most of the people in this County do want the law enforced and high standards maintained. My past record proves where I stand.

I solicit your support at the Primary Election on September 14, and trust that you will use your influence in my behalf.

Believe me when I say that experience is essential in combating undesirable influences. I offer you a force which has proved its efficiency and which has kept abreast of the latest scientific methods of crime prevention and law enforcement.

I promise that I and my force of deputies will do everything we can to uphold and sustain and enforce the law and keep the moral plane of our County high. It is a continual fight, but if the people who stand for a clean, vice-free County will rally around me and make their wants known by their votes, I am sure that we can win out.

Gratefully,

Dear Sheriff Hall:

Now that the battle is over, I want to express to you and to your entire staff, our sincerest and profoundest gratitude for the loyal support which you have given us from the beginning.

The relative strength of Utah County in comparison with the others, bespeaks the effectiveness of your work. Had this been any other than a landslide year, you would have unquestionably carried Utah County by a handsome majority.

We know that you spent many long hours in working for Mayor Glade's candidacy. The Mayor is most grateful for this effort. He feels a personal sense of indebtedness to you, which will be difficult for him to discharge.

Now that the people have spoken their mind, we have no other choice than to abide by their decision and do what little we can to work for a better Utah and a greater America.
