Hall Notes - by Mame Finley

The Halls were among Springville's first settlers.

Wm was in his younger days a Sawyer. He ran the steam saw up in Springville Canyon & ran them there for years. After that he was a common laborer. After Lydia died he moved to Idaho. He was in the Black Hawk War. He was just a boy & was sent with a company into Sanpete in 1841. His name is on the roll of honor - he was in actual combat with the Indians.

Lydia Roylance* was too liberal, too kind hearted. People imposed upon her because of it. That was the worst fault she had. She would always share everything & trusted everybody implicitly until they proved she shouldn't.
